

Bejac

Become a Bejac Technician

Serving the Western U.S. since 1953

Why Work for Bejac?

We value technicians and understand the importance of their role. Our owner first learned the equipment business as a technician at Bejac.

Top Salaries

Bejac pays highly competitive wages to attract the best technicians available. We are proud of the responsive service we give to our customers and realize that the quality of our service depends on the capabilities of our technicians. Our reputation among technicians is excellent, because we understand the importance of their role as members of the Bejac team.

Training

Bejac provides training tailored to meet your individual needs and to assure that our technicians are qualified to perform all of the services we offer with our state-of-the-art equipment. We understand that training is important to you, and we will play a key role in your long term development. The types of training we provide include on the job training, weeklong technical classes, minicourses to focus on specific topics in diagnostics and troubleshooting, self study programs, factory training and educational reimbursement.

Increased Pay with Increased Skills

Bejac supports its technicians with salary increases as they expand their level of knowledge, capabilities and performance. Identifying opportunities to advance within Bejac is a priority.

State-of-the-Art Equipment

Bejac serves its customers and its employees with state-of-the-art equipment at all locations. Electronic and hydraulic test equipment, laptop computers, and other diagnostic tooling are upgraded routinely to assure that we are offering our customers the best service available. We provide our technicians the tooling needed to perform diagnostics quickly and to complete repairs. Truck fleets are state-of-the-art and are continually upgraded.

What Bejac Offers

Excellent Benefits

- Medical insurance for employees and their families
- 401(k) plan program
- Profit sharing program
- Life insurance
- Short and long term disability insurance
- Time off is important to you, so your time off includes paid days off for vacation, jury duty, and national holidays
- Uniforms provided
- Tool allowance

Other Benefits Available

Additional benefits include dental insurance, vision insurance, flexible spending account and life insurance for dependents.

Excellent Hours

Whether you want to work as many hours as possible or just put in a solid eight hour day, we will try to accommodate your needs as much as possible. At Bejac, we care about meeting your personal needs, and we will do all we can to meet your expectations.

Locations

Bejac has 13 locations throughout California, Nevada, Arizona, Utah and Washington. The corporate headquarters for Bejac is located in Placentia, California. At each location, some of our technicians work in the facility and others travel from jobsite to jobsite, servicing equipment in the field. Let's match your personal desire of where to live within our territory with one of our locations.

How to Begin Your Career at Bejac
